HYROX
RACE MODE
BUILT-IN

Active 2 Square

Showcasing refined craftsmanship, the Active 2 features a sleek square body and polished stainless steel design with sapphire glass that brings strength and sophistication to your training routine. Built for those ready to elevate their fitness journey, it combines advanced health tracking with accurate heart rate monitoring and supports everything from sleep to strength training, seamlessly blending elegance with everyday functionality.

PREMIUM VERSION

NFC Built-In, Sapphire Glass,
Black Leather & Red Silicone Straps

+

FREE STRAP

Long Battery Life

- Stay active for longer, with up to 10 days of battery life with typical use¹. Say goodbye to recharging every night.

Designed for Performance

- Scratch-resistant sapphire glass screen.
- Leather strap, with additional red sport silicone strap included in packaging.
- Sleek, stainless steel frame.
- Vivid 1.75" AMOLED display that remains clear even under bright sunlight.

Advanced Algorithms & Sensors

- Amazfit's PulsePrecision™ and RestoreIQ™ algorithms makes Active 2 one of the best sleep and heart rate trackers on the market.
- The inclusion of a barometer, gyroscope, and an ambient light sensor means more outdoor sports modes, better movement recognition, and a sharper display under any light.

Precise Positioning & Free Maps

- Enjoy accurate positioning which connects swiftly, and protects your privacy with optional disabling of GPS permissions.
- Download free offline maps, ski resort maps, and route files, and get turn directions along your journey.

Fully-Integrated AI

- Zepp Flow™ gives you full control of your watch with just your voice.
- Simply ask Zepp Flow™ to adjust your display brightness or reply to a WhatsApp message²; it can even help you polish your reply before sending.

Detailed Training Data

- Choose from over 160 sports workout modes including HYROX Race, skiing, swimming, and much more.
- When you're using Strength Training mode, Active 2 can auto-detect 25 exercise types and then intelligently track your reps, sets, and rest time.

Enhanced Health Tracking

- The BioTracker™ 6.0 PPG biosensor features a dual-LED and 5PD build, for health and fitness data tracking that's more precise than ever.

Zepp App

Your free companion for tracking nutrition and fitness progress, sleep recovery, analyzing trends and getting personalized health insights. All in one easy-to-use app.

1. Battery life data is based on tests conducted in lab conditions; actual use may vary.
2. Requires connection to an Android smartphone with Android 7 or above.
