LIMITED LIFETIME WARRANTY: GoPro warrants this product for its useful life (not to exceed two years for products with electrical or electronic components) against deficiencies in material and workmanship. This LIMITED LIFETIME WARRANTY does not cover products that are improperly used, abused, altered or repaired. Products found to be defective within the warranty period will be repaired or replaced at GoPro's discretion. GoPro reserves the right to make all determinations under this warranty. Products failing due to normal wear and tear, abuse or natural breakdown of materials over extended use and time may be repaired or replaced for a fee. For product support please visit gopro.com/help.

Features + Benefits

- Super-strong magnetic power cable² forms a tight weatherproof seal with the door and connects to any USB-C power source¹ to charge your camera and extend its runtimes
- Makes it easy to quickly power up when it would be a challenge to change or charge batteries on the go, and keeps your camera charged at home
- Can be incorporated into a variety of mounting setups, plus comes with 1.6ft (0.5m) and 3.9ft (1.2m) magnetic power cables and a USB-C Volta adapter cable for more versatility
- Door is waterproof to 33ft (10m)³ when installed—the same rating as your original camera door
- Helps power your camera with or without the battery installed when combined with a Contacto magnetic power cable¹

¹ Make sure your USB-C power source is waterproof when using in wet conditions.

² This product contains a magnet that may interfere with medical devices, including pacemakers.

³ Though the Contacto door is waterproof to 33ft (10m), the complete kit (cables and door) is not intended for underwater use.
