

**BATTERY INSTALLATION**

Open battery compartment door on candle base

**Insert 3 type "AAA" or 2 type "AA" alkaline batteries (not included).  
Ensure correct polarity, replace and close door pushing back into  
place to lock.**

**OPERATION**

On/Off Mode

1. Slide switch to "ON" position to turn candle on.
2. Slide switch to "OFF" position to turn candle off.

**CANDLE CARE**

To clean your candle, use a soft, dry cloth.

**⚠ CAUTION**

This is not a toy. For decorative use only.

Do not mix old and new batteries. Replace all batteries at the same time.

Do not mix Alkaline, Standard (Carbon-Zinc) or Rechargeable (Nickel Cadmium)  
or (Nickel Metal Hydride) batteries.

Remove batteries if exhausted or if product is to be left unused for a long period  
of time.

**⚠ BATTERY WARNING**

**KEEP OUT OF REACH OF CHILDREN.** If swallowed, consult a physician  
immediately.

Recycle or dispose of used batteries immediately as per manufacturer's  
instructions or according to federal, state and local laws.

Do not dispose of batteries in fire.
