The diagram illustrates the correct installation of a washing machine. The central image shows the machine with four callout circles. The top-left circle shows a leveling leg being adjusted with an arrow pointing up and down, and a curved arrow indicating rotation. The top-right circle shows a spirit level being placed on top of the machine to check for levelness. The bottom-left circle shows a warning triangle and a crossed-out image of a leveling leg being forced against a wall, indicating not to do this. The bottom-right circle shows a leveling leg being adjusted with an arrow pointing up and down, and a curved arrow indicating rotation. To the right of the main diagram are two panels. The top panel shows a washing machine with a thumbs-up icon and a crossed-out thumbs-down icon, indicating correct installation. The bottom panel shows a washing machine with vibration lines around it and a thumbs-down icon, indicating incorrect installation.

Diagram 6 illustrates the connection of the water supply to the refrigerator. The main illustration shows the refrigerator with a water line connected to its rear. A hand is shown connecting a water tap to the line. Two circular callouts provide details: the left one shows the correct 20° and 45° angles for the connection, while the right one shows the incorrect 90° angle. A warning symbol (exclamation mark in a triangle) is placed near the connection point. Below the main illustration, a warning symbol (exclamation mark in a triangle) is shown next to a crossed-out symbol (a circle with a diagonal line). To the right of the main illustration, a warning symbol (exclamation mark in a triangle) is shown next to a crossed-out symbol (a circle with a diagonal line). Below the main illustration, a warning symbol (exclamation mark in a triangle) is shown next to a crossed-out symbol (a circle with a diagonal line).
