## EN Before assembly

• We recommend that time is taken to read the assembly instructions prior to assembly. • All assembly steps are shown – also in detailed images. • The step-by-step instructions must be followed. • Before assembly, please use the parts list to check that all components are accounted for and in good condition. • Wood protection is particularly important! The floor elements must be treated from below with a suitable wood preservative before assembly! • The data sheet, which is available online for most products, offers further important information for assembly. • The guarantee conditions are also attached.
