We have seen some examples, where the speaker will turn off while playing. This typically happens if you play at low volume.

We have an update that fixes this. This update can be found here. (please ONLY use the update if you experience this issue, it is the only thing it changes)

Please notice: The only products affected are products with snr. starting with 13767 or 14009. All speakers sent to retailers from 1st of January 2021 are not affected.
