COLLI 1/3

(RO) Stimate client!

În calitate de producător de mobilierăm dori să vă informăm că o fixare poate fi buniador dacătegară dintr materialul de fixare (dibunlji zid este bunâ. În cazul elementelor suspendate verificați zidulși folosiți doar diblurile prevăzute și achiziționate dintr-un magazin de specialitate. În definitiv montatorul este răspunzător de fixarea pe zid.

Montareași pozarea articolelor electrice se va efectua doar de către personal calificat și autorizat. Respectați descriereași specificațiile de greutate din instrucțiunile de montaj.

Vă rugăm să respectați specificațiile date privind greutatea max. - în caz de supraîncărcare ce poate să apară datorită corpurilor care se joacă, datorită persoanelor, materialului sau prin alți factori - nu preluăm niciun fel de răspundere ca producător de mobilier.

O funcționalitate perfectă a mobilei este asigurată doar în cazul în care la așezare această se reglează pe orizontală și pe verticală. Ușile sunt deja reglate în prealabil, dar dacăva fi cazul, din motive existente la fața locului, acestea trebuie din nou ajustate / reglate!

Toate instalațiile electrice sunt fabricate conform normelor în vigoare respectiv prevederilor VDE, CE, MM. Puterea necesară becului este trecută pe duila respectivă a lămpii.

Dacănu se respectă puterea max. în Watt există pericol de incendiu datorită supraîncălzirii. Datorită pericolului de incendiu este interzisă acoperirea becurilor! Toateșuruburileși piesele portante de îmbinare trebuie strânse ulterior după 5 până la 6 săptămâni pentru a se asigura o siguranță definitivă a fixării!

Nu folosiți agenți de curățare abrazivi!

În cazul în care nu se respectă instrucțiunile de utilizare, de deservire sau de montaj, dacăse efectuează modificări ale produselor, dacăse schimbă piese sau se folosesc materiale consumabile care nu corespund pieselor originale, atunci se pierde orice garanție sau pretenție de responsabilitate.

Estimado cliente:

Como fabricantes de muebles, nos gustaría informarle de que la calidad de una fijación reside en la unión entre el material de fijación (clavija) y la mampostería. Compruebe su mampostería en caso de tratarse de elementos de suspensión y use solo las clavijas previstas para ello adquiridas en un almacén. En último término, el montador es responsable por la fijación en la mampostería.

El montaje y la colocación de componentes eléctricos solo se pueden llevar a cabo por parte de personal especializado autorizado. Observe las descripciones y las indicaciones de peso de las instrucciones de montaje. Respete los datos de peso máximo indicados. En caso de sobrecarga que pueda surgir por juegos de niños, por personas, por material o por otra causa, no asumiremos, como fabricantes, ninguna responsabilidad.

Solo se garantiza una buena función del mueble si está colocado de forma horizontal y perpendicular. Las puertas han sido preajustadas, pero tienen que colocarse / instalarse de nuevo a causa de las condiciones del lugar de instalación.

Todas las instalaciones eléctricas se realizan en conformidad con las normas y directrices vigentes de la VDE, la CE y la MM. La potencia de la fuente luminosa que se utilizará se indica en el portalámparas correspondiente.

Si no se observa el vataje máximo, hay riesgo de incendio en caso de sobrecalentamiento.

No se puede cubrir la fuente luminosa por peligro de incendio.

No usar productos de limpieza cáusticos

Si no se siguen las instrucciones de servicio, uso o montaje, se efectúan modificaciones en los productos, se cambian piezas o se usan consumibles que no coinciden con las piezas originales, la garantía o los derechos de indemnización correspondientes quedarán invalidados.

(TR) Değerli Müşterimiz,

Mobilya üreticisi olarak, yapacağınız sabitleme işlemleri ancak sabitleme malzemesi (dübel) ve duvar arasındaki bağlantı kadar iyi olabilir. Askelenin kullanılarak duvarınızın kontrol edin ve sadece buna uygun dübeller kullanın. Duvara yapılacak sabitleme işlemlerinden montaj elemanları sorumludur.

Elektrik ekipmanlarının montajı ve bunların döşenmesi yalnızca yetkili teknik personel tarafından uygulanmalıdır. Montaj talimatında bulunan açıklamalar ve ağırlık bilgileri dikkate alın.

Belirlenen maks. ağırlık bilgilerine riayet edin. Oyun oynayan çocuklardan, insanlardan, malzemelerden veya başka etkenlerden kaynaklanan aşırı yüklemelerde mobilya üreticisi olarak sorumluluk kabul etmiyoruz!

Mobilyanın kusursuz halde çalışması için ve yatay yönde kurulum yapıldığında sağlanır. Kapılar önceden ayarlanmıştır, ancak gerektiğinde yerel koşullardan dolayı yeniden hizalanmalı / ayarlanmalıdır!

Tüm elektrik tesisatları geçerli VDE, CE, MM normlarına veya talimatlarına göre üretilmiştir. Kullanılacak lambanın aydınlatma şiddeti ilgili ampul duyunda belirtilmiştir. Maks. Watt sayısına uyulmadığında aşırı ısınma sonucu yangın riski söz konusudur. Yangın riski nedeniyle lambanın üzerinin örtülmesi yasaktır! Kalıcı bir denge sağlamak için tüm cıvatalar ve taşıyıcı bağlantı noktaları 5 ila 6 hafta sonra tekrar sıkılmalıdır.

Aşındırıcı temizlik gereçleri kullanmayın!

Kullanım kılavuzuna veya montaj bakım talimatlarına uyulmazsa, ürünler üzerinde değişiklikler yapılırsa, parçalar değiştirilirse veya orijinal parçalara uygun olmayan sarf malzemeleri kullanılırsa, her tür garanti ve tazminat hakkı geçersiz olur.

(S) Basta kund,

I vår egenskap som möbelformerent vill vi informera dig om att en förankring endast är såpass säker som övergången mellan monteringsmaterialet (plugg) och murverket. Innan du monterar vägghängda möbler måste du kontrollera att vägen är lämplig. Använd endast godkända pluggar från en byggmarknad. Tänk på att monteringen alltid är ansvarig för monteringen på vägen.

Elutrustning får endast monteras och anslutas av behöriga elinstallatörer. Beakta beskrivningarna och viktuppgifterna som anges i monteringsanvisningarna. Beakta angivna maximala vikter. Vid överbelastningar som kan uppstå t ex av lekande barn, människor, material eller annan påverkan övertar vi inget ansvar som möbelformerent.

Möbelen kan endast öppnas och stängas på västav vis om den placerats lod- och vigrätt. Luckorna är förjusterade, men måste ev. justeras / ställas in pliytt på lokaala förutsättningar. Alla elektriska installationer har utförts enligt gällande standarder resp. föreskrifter från VDE, CE och MM. Avsedd styrka för ljuskällorna anges på lampsockeln. Om det maximala effektvärdet i watt inte beaktas föreligger brandrisk pga överhettning. På grund av samliga skruvar samt bärande kopplingsdelar pliytt efter fem till sex veckor för att garantera tillräcklig stabilitet.

Använd inga skurande rengöringsmedel!

Om bruks-, användnings- eller monteringsanvisningarna inte beaktas, om ändringar utförs på produkterna, om delar byts ut eller om förbrukningsmaterial används som inte motsvarar originaldelarna, upphör garantin att gälla, samtidigt som ansvarsanspråk inte längre kan ställas.

(RUS) Уважаемые клиенты!

Являясь производителем мебели, мы хотели бы подчеркнуть, что формирование качества крепления зависит от того, насколько прочно соединены между собой материалы (любимый клиент). Поэтому для успешного использования элементов мебели, пожалуйста, проверьте надежность Вашей системы. Используйте только одобренные материалы, которые предназначены для специальных строительных магазинов. В противном случае ответственность за дальнейшее состояние изделия несем мы!

Монтаж должен выполняться электриком-специалистом. Следуйте инструкциям производителя и рекомендациям специалистов. Не пытайтесь регулировать конструкцию самостоятельно. Пожарная безопасность является одной из основных задач при проектировании мебели.

Пожалуйста, придерживайтесь указанных максимальных значений подвеса. В противном случае, причиной возникновения пожара является нарушение требований к материалу. Изделия должны быть изготовлены из качественных материалов, отвечающих требованиям безопасности.

Безупречные эксплуатационные характеристики мебели обеспечиваются только в том случае, если мебель правильно ориентирована над горизонтальной и вертикальной плоскостью. Дверь должна быть правильно регулирована. Мы не несем ответственности за повреждение мебели, если не будут соблюдены все требования к установке. Любые электрические работы должны выполняться в соответствии с местными нормами и стандартами. Мы рекомендуем использовать осветительные элементы, указанные производителем лампы.

При соблюдении ограничений по нагрузке, максимальной температуре, пожарной безопасности, а также своевременной замене элементов, мебель будет служить долго и надежно. Мы не несем ответственности за повреждение мебели, если не будут соблюдены все требования к материалу. Изделия должны быть изготовлены из качественных материалов, отвечающих требованиям безопасности.

Не пользуйтесь абразивными чистящими средствами !

При несоблюдении инструкций по эксплуатации, обслуживании, монтажу, а также при нарушении изменений конструкции, применении деталей или при применении расходных материалов, не соответствующих оригинальным требованиям, прекращает свое действие все равно, каковы бы ни были претензии, касающиеся ответственности изгототителя.
